LABELERS & TABBERS

# RENA SYSTEMS

*Quality, Simplicity & Affordability Come Standard.*

- Fast – These tabletop units offer throughput speeds between 12,000 and 15,000 per hour.
- Versatile – All of these products can use a wide variety of sizes, materials and thicknesses.
- Tough – Engineered for years of trouble-free operation and lots of daily mailings.
- Intelligent – Integrated design allows different models to work together, doubling productivity.

# RENA TABLETOP LABELING & TABBING SYSTEMS

## LABELERS & TABBERS

**A Family Of Products.** The RENA family of integrated tabletop mailing equipment consists of three tabbers and a labeler. They are designed to work as a team or independently, whatever suits your needs. One family of quality products that allows you to feed, label and tab all in one pass at a very attractive price.

**T-150 Stand Alone Tabber.** Value is the backbone of this self sufficient unit. Offering exceptional performance at an exceptional price, the RENA T-150 is a terrific package. The built-in feeder makes for one-button operation on a variety of materials up to  $\frac{1}{8}$ " thick. The T-150 can apply one tractor-fed tab per pass up to 12,000 per hour! It's the perfect complement to our Envelope Imager I.

**T-300 In-Line Tabber.** If you need a fast and efficient single tabbing solution to run in line with your existing equipment, the T-300 is just the product. With a tabbing speed of 15,000/hr, the T-300 can move through the mail! It also can apply tabs on a variety of materials up to  $\frac{1}{4}$ " thick.

**T-600 In-Line Tabber.** All metal construction and high-speed dual tabbing make the RENA T-600 one of the best values in the tabletop market. With tabbing speeds of more than 16,000/hr while applying two tabs, it is fast! Quick tab positioning and an automatic centering mechanism are just some of the T-600's great features. Runs in-line with the L-300 Labeler or AF-371 Feeder

**L-300 Stand Alone Labeler.** Stop applying those labels by hand! Save time and money (read productivity) and get the best automatic labeler available for the money. The L-300 is fast too, labeling at speeds over 15,000/hr on a variety of materials up to  $\frac{1}{4}$ " thick. The L-300 can feed right into the T-300 or T-600 tabbers for a truly efficient operation!

**Quality built in!** Providing heavy-duty mailing equipment for seventy years, Rena has earned its reputation for durable products. We won't put our name on it unless it lives up to the RENA brand.
